- Project Management
- Problem Solving
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

ABOUT ME

I am a second-year student specializing in Software Engineering, driven by a profound passion for Android development. From the intricacies of code architecture to the art of crafting intuitive user interfaces, I find immense fulfillment in every facet of Android app creation. Eager to leverage my academic background and enthusiasm, I am committed to contributing innovative solutions to the ever-evolving landscape of mobile technology.

PROJECTS

Oct 2023 - Dec 2023
